

# Seeking Short-Term Lease

I'm not asking for much; just a place to hang my hat for a couple of weeks. I'd like to move in with you for a little while so I have a chance to grow big enough to find a home of my own.

By providing a temporary foster home for me and others like me, you give us the chance of finding lifelong homes of our own. Norfolk Animal Care and Adoption Center gets lots of friendly and adoptable animals who need some time away from the shelter so we can grow big enough or heal from a minor illness or injury. The shelter will supply food and other stuff for us, making it easy for you to give us the chance we all deserve.

Fostering for most animals lasts a few days to a few months. If you don't have time for a full-time pet companion, consider giving us a short-term opportunity for a lifetime of success.

If you'd like to become a foster home for our shelter animals, contact the Norfolk Animal Care and Adoption Center to find out more. We promise it will feel great to *invest in their future!*
