

ST. PAUL'S BLUE/GREENWAY

LOCATION

Holt Street & Mariner Street

PROJECT INFORMATION

This project will transform the existing underground urban stormwater system into an open and more natural watercourse. The aesthetic open space will treat and store stormwater runoff, as well as support recreational activities.

SCOPE OF WORK

- Construct wetlands, bioretention cells and wet pond BMPs
- Upstream drainage structures to provide debris capture and sediment removal
- Multi-use trails
- Landscaping

PROJECT STATUS:

Design

PROJECT SCHEDULE

Start Date: Mid 2019

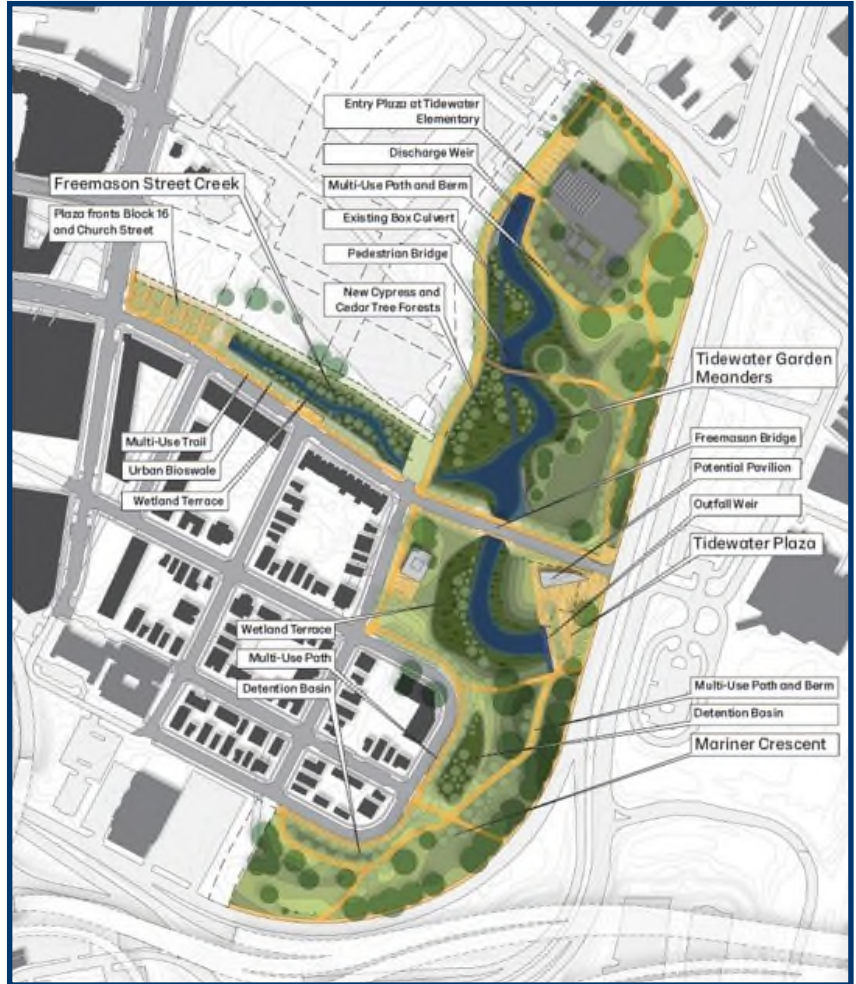

Completion Date: Late 2024

PROJECT COST

TBD

NEIGHBORHOOD CIVIC LEAGUE

- Tidewater Gardens Civic League
- Wards 4
- Superward 7
