If a person who is permanently and totally disabled owns real estate, there is no minimum age requirement.

What proof is needed to establish that a citizen is totally and permanently disabled? Certification is required from the Department of Veterans Affairs, the Railroad Retirement Board or the Social Security Administration. *The amount of tax deferrals will be prorated when the total relief requested exceeds the total relief available. The proration is applied to households receiving 20% - 80% deferrals

What is the application timeline? The Norfolk Department of Human Services receives applications postmarked between February 1st and June 1st.

What are some examples of income? Wages, Social Security, annuities, pensions, disability income, interest, dividends, business income, farm income, income from real property, and income from roomers or boarders.

What are some examples of assets? Real estate other than the residence, bank accounts, trusts, certificates of deposit, stocks, bonds, and value of personal property such as automobiles.

What is the cap amount and how will it affect potential benefits? Available funding is determined annually. In the event the total of all approved tax relief exceeds this amount, each approved application could have a pro rata reduction as may be necessary to balance the total tax relief appropriation. Proration is applied to households receiving 20% - 80% deferrals. The calculation of relief provided will be made after the program ends.

What is the difference between exemption and deferral?

Exempt taxes will not be billed or owed later. Qualifying participants with income of \$28,611 or less per year may receive a tax exemption of 100% up to an assessed value of \$203,386. If the assessed value exceeds this, the homeowner may elect to be billed or defer any remaining taxes. Deferred taxes will be paid to the city upon the sale of the dwelling or from the estate of the decedent. **Deferred taxes** will be paid to the city upon the sale of the dwelling or from the estate of the decedent.

How will this affect my mortgage company? The applicant is responsible for meeting any requirements imposed as part of any Promissory Note or Deed of Trust. It is the applicant's responsibility to confirm that any deferment received will be recognized by the applicant's mortgage lender prior to submitting the application. Failure of a mortgage lender to recognize the City of Norfolk Tax Deferral program is a matter solely between the applicant and the mortgage lender.
