

## Citywide Pedestrian Improvements (UPC 112759)

### Location

Military Highway between Johnston's Road and Longdale Drive and includes pedestrian improvements at the associated intersections.

### Project Benefits

This project will provide safer pedestrian travel and access to public transportation along the project corridor.

### Scope of Work

- Tree removal (76 trees) and tree plantings (76 trees) along west side of N. Military Hwy.
- New sidewalk along the west side of N. Military Hwy from Jonston Rd connecting to the existing sidewalk.
- Install new crosswalks with countdown pedestrian signals and ADA Ramps

### Project Status

Under Construction

### Project Schedule

- Anticipated beginning of construction: October 2024
- Anticipated completion: Summer 2026

### Project Funding

Urban funding \$ 1,679,611,41

### Construction Impacts

- Significant tree removal is required.
- Temporary lane closures will be required.
- Pedestrian detours will provide safe passage for pedestrians through the intersection.

### Civic Engagement

- Ward 3 (Councilwoman Johnson)
- Super Ward 7 (Councilwoman Royster)
